SAFEGUARD™ SECURITY DOORS

With an HMI SafeGuard™ security storm door you don't have to sacrifice style for security. The heavy 16 gauge welded steel door frames give you the security you seek, and our designs give you the beauty you desire.

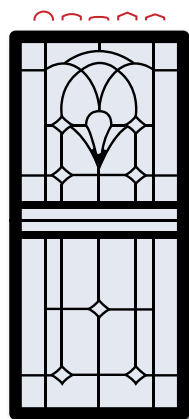

Every door is custom made to fit your entryway. Whether it is our traditional; modern; sunshine; forged or laser cut series there is a design that is perfect for your home.

Most doors are available in arch top styles. There are 5 arch top shapes to choose from to fit your architectural needs.

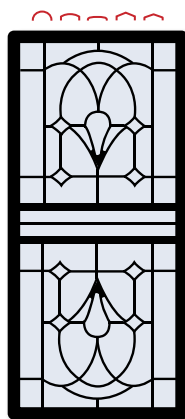

Black is standard with 23 optional powder coats matching our entry door colors.

HM-134 Sierra in a Patio Door Configuration ▲

PATIO DOORS

All SafeGuard™ security doors are available in patio doors.

This is the recommended patio configuration. The stationary door is inactive and can be opened to allow easy access for cleaning.

Upon request the stationary door can come without hinges or lock. It will be permanently fixed in place.

Matterhorn
pg. 36

VALUE LINE SERIES

SafeGuard™ value line doors have the same high quality and level of security as our premium doors. The difference is in the design. Value line doors have a more simplistic, economical design.

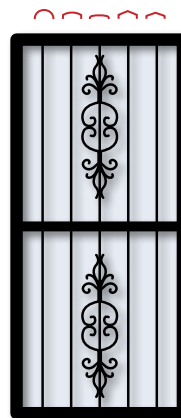

The value line series is only available with an economy #4 polished brass lever.

Note: Value Line Series doors are not available with a mailslot.

ARCH TOP OPTIONS

HMI's Arch Top Doors are available in 5 shapes. Homeowners can choose the shape that fits their architectural needs. Each arch top door is custom made. All doors are marked with the arch tops available for that style.

SECURITY STORM FEATURES

Heavy, 16 Gauge Welded Steel Frame makes HMI's door extra strong and extra safe.

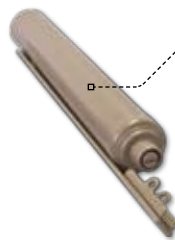

Extruded Metal Z-Bar

Weather-stripping ensures your door has a tight seal against the elements.

Tempered Safety Glass

Weatherproof Glass Seal

Adjustable Pneumatic Closer allows you to set how fast or slow your door will close.

Black is standard with 23 optional powdercoats matching entry door colors.

Bottom expander with Double Weather-stripped Sweep ensures a snug fit and seals the door to the threshold.

POWDERCOAT FINISHES

All Aluminum and Security Storm doors manufactured by HMI are coated with a "state-of-the-art" powdercoat finish to give years of trouble free enjoyment. The metal is cleaned and treated with chemically balanced detergents; The doors are then top coated with a powdercoating that is electrostatically applied and finally baked at 400° offering excellent adhesion, hardness, chemical resistance and weather resistance.
